TWIRL

GENERAL

Art. no.:	H-256	E-class number:	40-02-01-90
Customs no.:	76169990		

Data sheet

TWIRL

The TWIRL is a hot forged light alloy ball bearing swivel, ideal for avoiding rope twisting during load hauling. It is mounted on sealed ball bearings that guarantee excellent reliability. Moreover, the swivel is hard-wearing and resistant with a resistance of 36 kN.

- Avoids rope twisting during load hauling
- Mounted on sealed ball bearings
- Resistance of 36 kN

FEATURES

Colour:	red / grey
Max. service life:	30 Years

DIMENSIONS

Size:	116 x 53mm
Weight:	0,17 kg

MATERIAL

Material:	Aluminium
